Time of Favor (HaHesder)

2000 - an Israeli film (Hebrew with English subtitles)

**hosted by the Newport Havurah
at the Middletown Public Library**

Winner of six Israeli Oscars, including Best Picture. A taut thriller about the tense relationship between the orthodox nationalists and the military. Both a political-psychological drama and a love story between a passionate woman and two best friends, this profound film raises important questions about faith, duty, and love for oneself.

Do you need to wish someone "Mazel Tov" or "Get Well"? Is someone you care about in need of condolences? Why not send them a Touro Sunshine Card? Cards are available for many occasions and can be purchased separately and sent for you by Marcia, or in packs for you to send. Each card features a beautiful lithograph of Touro Synagogue. And best of all, your donation for the card helps Congregation Jeshuat Israel. Cards are just \$5 each.
